HELLO PARENT/GUARDIAN,

Attached is the Emergency Card for your child. A few things to note:

1. You must complete a separate card for each child.
2. You must sign and date the card.
3. All information must be completed to the best of your knowledge.
4. Students may NOT carry any prescription or non-prescription medications with them, including, but not limited to, cough/throat drops. Rescue inhalers may be carried by the student with express permission by a physician.
5. All medications, inhalers, epi pens or other medical supplies will be maintained in the school office. It is suggested that students who require inhalers and are allowed to keep the inhaler on their person, provide the school with 2 inhalers, one to keep with the student and the other for the school office.

If your child requires medication during the school day which is not listed on the emergency card, a medical authorization form signed by a physician and signed by the parent/guardian must be sent to school with the medication IN IT'S ORIGINAL PACKAGING. Please do not send pills, etc. in a ziplock bag. This includes both prescription and non-prescription medication.

Rescue Inhalers and Epi Pens must also come in their original packaging with the prescription clearly labeled on the packaging so that we can ensure that the right student receives the right medication.

If you have any questions or concerns about this Emergency Card, please contact the school office at 238-8590.
