

St. Stephen's Episcopal School

215 North Front Street, Harrisburg, PA 17101-1407

St. Stephen's Episcopal School's Technology Initiative

- ✚ Did you know that in addition to the SMARTboards and laptops in each classroom space, we have 60 iPads and 30 plus Chromebooks to place in student hands for the 2016-17 school year?
- ✚ Did you know that 3rd grade students were at a one-to-one device ratio last school year, using them on a daily basis without losing authentic, hands-on learning and problem solving experiences?
- ✚ Did you know that even our youngest students have used productivity apps on these iPads to connect and expand their learning while keeping them engaged and motivated?
- ✚ In order to support all of these wonderful technological advances at St. Stephen's Episcopal School, it is time for our infrastructure to be updated.

So, how can you help?

- Sponsor an Access Point, otherwise called a router.
 - You will be able to name this Access Point, just like people name stars.
- "Buy a Wire"
 - Donate in increments of \$10, \$25, \$50, or \$100.
 - With a donation, your name will be included on a sponsorship plaque which will be prominently displayed in the office.
- Donate any dollar amount to support network installation, support and services.
 - You will receive your name on the plaque and our forever gratitude.

Name: _____ Contact Number: _____

I would like to:

_____ Sponsor an Access Point (\$100). Please name it: _____

_____ Donate \$ _____ to "Buy a Wire." Name on plaque: _____

_____ Donate \$ _____ to support the network. Name on plaque: _____

Please make checks payable to St. Stephen's Episcopal School and place Technology Campaign in the memo line. Contact the school office if you have any questions. Thank You!
